

# Children of Golden Empire

Asia is such an exotic place  
Yoga in the morning  
Falling asleep wearing kimono

Oh, maybe i should eat sushi tomorrow  
On an elephant  
Fun fun fun  
Capitalism is such a evil thing  
Because it won't satisfy me  
Love nature very much  
Watching amazon forest through iPhone and  
masturbate  
Fight for equality! but don't want to step down  
Angry angry angry  
Swinging their fists  
We love drugs from Colombia  
Now we are hippies and politicians  
Feel like whole world is looking at me  
World is such a weird place  
Just stand here  
complain complain complain  
Until it makes you feel powerful
